

That we're weary of being twitted by Mayor Dick Drake as to where Cypress is every time we meet him at a county newspaper affair when he is a guest of Publisher Ben Reddick in Newport Beach. It all started last September when we facetiously tried to impersonate a milkmaid to advertise White Gold Day at an Orange county unit dinner meeting held in the mayor's fair city. The mayor tenaciously refuses to forget either fact. But we have an answer to the problem, we think. If Jake Van Dyke can be persuaded to invite the mayor to his dairy to be photographed with the prize-winning milch cow (which we told the mayor weighed a ton, but which Jake modestly asserts weighs only 1700 pounds!) we'll bet that will be a day that the Spanish-speaking yacht sailing skipper won't forget—nor that the town was Cypress. By the time "Bossie" has danced her 1700 pounds within the proximity of his frail form for twenty minutes while the photographer seeks to pose said subject with his arms around her neck, that will be the day, eh Evie? What Mayor Drake will do with the picture appears to be the only fly in the ointment, from where we sit. And why would he want his arm around a bovin's esophagus, anyway.

- B K -

That speaking of the Orange county unit meeting of publishers, it was the pleasure and privilege of the group last Saturday to be guests on the unusual campus of the new Orange Coast college. Located on land secured at the former site of the Santa Ana Army Air Base, it is nearest to Costa Mesa. The college is in operation this year for the first time, with an enrollment of 515 students. Conducted on a tour of the grounds by President Peterson and vice president Thornton, the group could only marvel at the industry and foresight displayed by these two men and those who worked with them in planning the grounds and remodeling the buildings of an army camp into a spacious, adequate campus to so fully meet future needs. Of paramount interest to the governing body of the school is the fact that it wishes to prepare the students today to be able to take their places in society tomorrow. To this end, the emphasis of training is upon vocational skills. For example, a lad who so desires may learn the building trade, in addition to his required formal study. When he finishes the prescribed course, he will be well able to command a job, because the course is set up with the help of members of the building trades and of the union. Courses for girls are similarly offered. The domestic science building, with its gleaming white installations of practically every appliance known to the house wife, including an automatic dishwasher, and the adjoining well equipped sewing room would appeal to the most blasé coed. If you are interested in gaining a wide educational experience in your junior college training, inquire about Orange Coast College.

- B K -

That we believe the height of civic-minded interest was displayed last Monday evening. The very first to arrive at the chamber of commerce meeting was Leland Bainum, who moved to Cypress one week ago. We congratulate him, and invite others in the community to follow his example. The chamber of commerce needs YOU for its member!

- B K -

That the cost of joining the aforementioned organization is only two dollars per member per year. We'll see you at the school house on Monday evening, January 24, the next regular meeting night.

- B K -

That the minister of the new church in Cypress which will be housed in the once-familiar looking barracks-type building on Lincoln avenue is an energetic soul, as well as a savior of souls. He was found, early in the week, with paint brush in hand transforming the interior of the structure to suit the use to which it will be put. The Reverend Clarence G. Eigenhuis is at present a resident of Paramount, California.

- B K -

That while we're speaking of the chamber of commerce, it was a pleasure to once again attend a meeting Monday night after an absence of two months. However, just in case they thought no one noticed, it didn't seem like old times without C. W. Biggs, T. J. Boyd and Otto Switzer there.

- B K -

That we enjoyed a visit with Harvey Pennington on Wednesday. He is now a member of the great unemployed, since North American has seen fit to decrease its staff by about 1900 workers. Pennington formerly operated the Trio Cabinet shop, and it would be nice if he would decide to once again open a business in town. At the present time he is nursing a finger broken while on duty at the plant.

VFW Auxiliary Acquires Funds To Forward Ambitious Program

The turkey dinner, which was served by the local VFW auxiliary to the public in the school house on Saturday, December 18, cleared a satisfactory profit of \$57.80, it was reported by the ways and means committee to a meeting of the members Thursday night, January sixth. It was suggested by Ann Lucas that \$25 of the proceeds be presented to the local VFW post to start its building fund. It was voted that the remainder be equally divided between the relief fund, which covers welfare and hospital work, and the general fund. Chairman Margaret Dye of the ways and means committee, and Ruth Mitchell, senior vice, were appointed delegates to represent the auxiliary at the meeting of the post last evening. The members concurred in their desire to cooperate fully with the post in any project that it might undertake in its procedure to raise funds for the building.

Reports were made by Sister Lucas, hospital and welfare chairman, and the date, Thursday, January 27, tentatively set for a hospital trip. It was voted upon that in the future all hospital trips would be made on the fourth Thursday of each month. In addition to the chairman, the trip this month will include Hazel Luty and Gergette Strahler.

A donation of onions, made by Frances Damaris, was sold to the members. The money will be used to help the campaign to raise funds for the American Cancer Society. It is believed by the members that the work of this national organization is extremely important.

A general discussion took place with regard to movies sent out by the national organization to familiarize the public with veterans, what becomes of them, and the national home at Eaton Grand Rapids, Michigan. It is hoped that the local auxiliary may be instrumental in procuring these films for a public showing in Cypress.

Since not all officers were present, chairs were filled by members pro tem from appointments by President Dorothy Smith. She also announced Sister Damaris as color bearer number one, replacing Mary Ellen St. Clair, who is unable to carry on at the present time in the duties of an officer. Harriet Carl is the new adult education chairman, filling the office left vacant by Marie Patton, who returned to the east recently for an indefinite stay.

The mystery package was won by President Smith, and contained two exceptionally nice dish towels.

VAN DYKE'S INVITE FRIENDS ON HOLIDAY

Mr. and Mrs. Jake Van Dyke entertained a large number of friends on New Year's Day at their home on Orange avenue. Television of the Rose parade and football game in the Rose Bowl were enjoyed by the guest who came from far and near.

A light lunch was served at noon to the guests who included Mr. and Mrs. C. C. Donahue and Mr. and Mrs. R. A. Bradley of Cheyenne, Wyoming; Mrs. Dick Rutledge of Park City, Utah; Mr. and Mrs. William Van Dyke of Idaho Falls, Idaho; Mr. and Mrs. Harry Gephart and Mrs. Ronia Haller of El Segundo; Mrs. Ben Thompson and son, Billy, of Compton; Mr. and Mrs. S. O'Halloran of Los Angeles; Mr. and Mrs. John Leustra of Bellflower; Mr. and Mrs. Samuel Brasses and son, Rueben, of Norwalk; Mr. and Mrs. A. Van Fochen, Mr. and Mrs. W. Dykstra and Mr. and Mrs. Harm Wiersema and daughters, Pearl and Ruby all of Artesia; the Reverend and Mrs. J. J. Werkman of Artesia; Mr. and Mrs. L. O'Halloran and son, Mike, Mr. and Mrs. Harry Vanden Holk, Charles Bell, Warren Gedney, Wayne Harris, Kenneth Minter, Monte Zebell, James Hedgecock, Erling McKinsey and Leon Taylor, all of Cypress.

AMBULANCE CALLED FOR LOCAL WOMAN

Mrs. Ward Huber collapsed suddenly in her home on Walker St. last Monday afternoon about five-thirty o'clock. An ambulance was called when it was found necessary for her to be entered as a medical patient in the Long Beach community hospital. She was returned to her home the following day.

Mr. and Mrs. Huber have a little girl two years of age, and a boy four, who were cared for by Mrs. Charles Elikes, a neighbor to the family.

Orange County Is Seeking State Four-Year School

Legislation is pending in the state government at Sacramento to create a four-year state college to serve southeast Los Angeles county and Orange county. Feeling that this is of vital importance to the interests of Orange county, the education committee of the Associated Chambers of Commerce and the Santa Ana Chamber of Commerce have prepared a detailed report showing seven proposed sites in this county.

It is felt that Orange county is entitled to a state four-year college at this time because of its anticipated growth. The county does not have a four-year state college now. Since the state requires not less than 150 to 200 suitable acres for future sites at the present time, it will be quite difficult to find such areas if the selection is deferred too long. A number of excellent sites for such a college are now available.

The report points out that fine highways will provide proper means of travel to and from an Orange county campus by any students living up to twenty-five miles from the school.

Assemblyman Earl W. Stanley, of Balboa, has done a fine job in attempting to get the college located in Orange county. He needs, however, all the support he can get, as do also speaker Sam Collins and Senator Clyde Watson. Los Angeles county has several very active groups which are also working hard to locate the state college at various locations in their county. The measure must be passed to utilize an appropriation of \$1,000,000 set aside for this purpose in the 1948 budget.

Hawaiian Gardens Set For Signal

Awarding of contract for installation of automatic traffic signals at the dangerous intersection at Norwalk boulevard and Carson avenue has been announced by C. H. Purcell of the state public works department of highway construction.

Contract for this project and installation of similar signals at the Norwalk boulevard, Imperial highway crossing in Norwalk was awarded to the Tri-Cities Electric Service company of Los Angeles for \$18,173 the announcement said. The local project is the climax of a campaign of over a year's duration by the Hawaiian Garden Businessmen's association and the Bloomfield Parent-Teacher association. The drive was started following numerous traffic accidents at the corner.

Dixons Open Electric Shop

Two long time residents of Cypress, Mr. and Mrs. O. F. Dixon (Wanda Bates), have gone into business this week with the opening of Dixon's Electric shop at 5955 Lincoln avenue. Both of the Dixons have been in the town for many years and have made a careful study of the need of an electrical shop. Dixon is a licensed electrical contractor and will be available for any type of an electrical installation as well as routine maintenance work. Good luck to the Dixons in their new venture.

Rain Report

Richard Wallace, local rain expert, reported that the Cypress rainfall is listed the third heaviest in Orange county. Santa Ana and Yorba Linda are the only two areas that lead Cypress in rainfall.

The Cypress rainfall report for three days total reads as follows:

January 11 16 inches
January 12 20 inches
January 13 71 inches

Total.....1.07 inches
Added to the season's rainfall this gives Cypress a total thus far of 4.25 inches.

MRS. HOUGHTON WINS ONE WOMAN BATTLE FOR STOP SIGNS

A letter from the Orange County Traffic Committee this week wrote success to the efforts of Mrs. Jessie Houghton in her campaign to stop accidents on the corner near her home. For the past two years, Mrs. Houghton has written letters and interviewed county officials, telling of the dangerous situation and warning of accidents to come. Invariably, the accidents would occur and she would return to her campaign armed with more ammunition for the battle.

The letter is addressed to Mrs. Houghton and states: "This committee made an inspection of Crescent and Western at their meeting December 8, 1948, and have recommended that Crescent street be stopped each side of Western Avenue."

This matter was the subject of your letter of recent date with petition attached directed to Capt. Meehan of the highway patrol.

The control of traffic may very possibly save lives in the future as well as do much to improve Mrs. Houghton's peace of mind. She is to be congratulated on the success of her "one woman" campaign.

PLAN CONFERENCE FOR DAIRY INDUSTRY

A products judging contest will be one of the highlights of the annual Dairy Industry conference on the Davis campus of the University of California this year. Dr. E. E. Jack, head of the dairy industry division, in announcing the dates of the three-day conference beginning January 31, says the contest will end with the award of prizes at the annual banquet.

As has been the customary, the California Dairy Industries Association will hold its annual meeting in conjunction with the conference.

The conference program is being arranged to cover subjects of interest to all dairy plant operators and to provide special courses on market milk, ice cream, and manufactured dairy products. Sectional meetings for each of these three groups are planned. Speakers will include outside authorities, as well as the members of the College of Agriculture staff.

St. Pius Ladies Meet

The Catholic ladies of St. Pius V parish held their monthly meeting at the home of Mrs. Paul Shultz on Homewood Avenue last Wednesday afternoon. Activities for the following year were discussed, and new officers elected. The new officers are Marie Font, president; Mrs. Dorothy La Prairie, vice-president; Mrs. Virginia Waldman, secretary; Mrs. Dorothy Vessels, treasurer.

The next meeting will be held February 2 at the home of Mrs. Rose Cannon, 319 Fullerton Ave.

Fire Department Records Filed In County For Year

Reports from volunteer fire departments filed with the county for the year 1948 show that in most cases the fire-fighters were kept fairly busy.

In addition to saving \$77,700 worth of Cypress property in 18 fires, firemen from here gave 201 man hours in battling the Santa Ana Mountains blaze, Chief A. E. (Pat) Arnold reported.

The 18 blazes cost a total of \$110,050 in property burned, with \$9550 of the loss incurred by nine house fires. Those same runs accounted for the greatest property saving, \$58,500, while another \$17,200 worth of property was saved from grass fires.

The Buena Park Volunteer Fire department had an easy time, in comparison to the work of other departments in West Orange county during the last year, and Fire Chief Tom Nelson would just as soon things stayed that way.

The crew was summoned just 32 times during the last year and then for only 23 fires. The discrepancy is the only thing over which Chief Nelson isn't happy since eight of the alarms were false. Such things make the firemen run needless risks and many times cause them to be very unhappy over lost sleep, Nelson said.

The ninth non-fire call was a summons to aid a dying man with rescue equipment near the end of the year.

Of the 23 fires, seven were in structures, eight in cars, seven in grass and trash and one was an "assist" to another fire department.

There were 34 fires in the wide agricultural area served by West Anaheim Volunteer Fire department resulting in a total property damage of \$33,380, while the crew saved \$50,136 worth of buildings and contents from the flames, according to secretary of the department, Calvin Dohm.

There also was one false alarm, for a total of 35 runs made by the crew which battled 18 structure fires, 13 in grass and trash and three in autos.

INCOME TAX TIME IS HERE AGAIN

Uncle Sam embarked upon his biggest "paper" job of the entire year last week—the task of gathering income tax returns from all citizens and residents of the United States. In these days, that includes most of us.

The Bureau of Internal Revenue estimates that between last week and March 15, which is the final date for the filing of individual returns, 50,000,000 returns will be filed throughout the United States.

Harry C. Westover, collector of internal revenue for Southern California's 10 counties, states that, based upon last year's filings and the increased population in California, he anticipates that at least 2,500,000 returns will be filed in the Los Angeles office. This will be one of the three largest filings in the nation.

The collector's office is bending every effort to aid taxpayers in the preparation of their income tax returns. Archie N. Vance, chief field deputy under Judge Westover, has issued instructions to all field offices, of which there are 27 scattered throughout Southern California, that they are to have deputies on duty throughout the hours of every office day between now and March 15 to assist taxpayers, and to answer any questions which they may have regarding the preparation of their returns.

Membership Drive For New Year In Cypress Chamber Of Commerce; Supervisor McFadden Is Introduced

Zoo Arrivals

Wesley Dickinson of the Grace Wiley zoo reports that 20 new specimens arrived at the Cypress zoo this week from Australia by air on board a plane of the British Commonwealth Pacific airlines.

The new reptiles are: One water dragon, one bearded dragon, 13 whip snakes, four poisonous black snakes, and a tiger snake. Another snake died on the trip.

JUNIOR CLUB PLANS FOR FOREIGN FAMILY

Meeting place for the Junior Women's club last week was the John Lukens home on Belmont street with Mrs. Bennie Pugh as assisting hostess.

The group has adopted a needy family in Debrecen, Hungary, and last week sent a \$10 CARE package of food and are preparing a box of clothing to be sent away this week. There are a mother, father and three children in the family. A basket of miscellaneous articles was auctioned to add to the recreation park fund and for next month a "big in a poke" auction, one where the bidder does not know what is in the package, will be held.

The usual potluck luncheon preceded the business meeting.

Attending were Mesdames Robert Murray, Lawrence Gaylord, Leslie Brannan, Joe Ferguson, George Gamble, George Marshall, and children, Sharon and Patty, Mrs. K. C. Beason and children, Jimmy and Susan, Glenn Miser, C. Betkey, Harold Christensen and daughter, Lorrel, John DePouler and daughter, Sandra, Norville Chapman, the hostess and Jillinda Pugh.

Exchange Teacher Speaks To P.T.A. At Centralia

Appropriate for the month's topic of "Taking the world into our plans" was the speaker at yesterday afternoon's Centralia Parent-Teacher association meeting. Miss Mildred Lindroth, an exchange teacher to Scotland last year, and sister of R. Lindroth, a teacher in the school told of her experiences while teaching in Scotland. She stated that compulsory education ends after the fifteenth year and the "infants" class begins at four and a half years where they are immediately taught to read. By the time the child has reached seven and a half years old, he is adding four columns of figures and knows most of his multiplication tables. Culminating their year of teaching, the contingent of 126 teachers were presented to Queen Elizabeth.

Miss Virginia Hunter's room, having completed a study on Mexico, presented a program showing what they had learned. Pictures of Mexican life and customs had been drawn by the pupils and these were shown on the screen by a projector while the pupil drew it, told of its meaning. As a conclusion to their program, the class, in costume, sang "Mariana." Lending atmosphere to the program were the cactus plants on the stage and the typical Mexican and the Mexican boy with his gaudy serape and guitar.

Mrs. Harvey Koss was elected to serve as secretary the remainder of the term to replace Mrs. B. Tidwell, who was forced to resign because of ill health.

It was announced that founders' day would feature candle lighting and tree planting ceremonies. All were invited to attend the fourth district meeting at the Wilshire school in Fullerton on January 20.

The inspirational period was led by Mrs. Milan Williams. Hostesses at the social interval when coffee and cup cakes were served, were Mrs. Florence Nay and Mrs. Rueben Holland.

BINGO PARTY

A Bingo party will be held in the Women's club in Buena Park on Thursday night, January 20, by the St. Pius V Men's club. Refreshments will be served by the ladies during the intermission. An excellent assortment of prizes will be given away.

Towns and Cities Show Building Active Last Year

In a recent compilation of building permit totals published for the twelve months of 1948, it was shown that Buena Park ranked third and Cypress fourth among the unincorporated areas. Orange county increased in actual valuation by more than \$50,000,000 during 1948 on the basis of building permits issued in the 13 cities and 22 unincorporated communities.

Costa Mesa and Garden Grove led with totals of \$3,475,032 and \$3,197,443 respectively. Both communities showed an increase over the 1947 totals of \$2,517,942 and \$2,505,409.

Buena Park and Cypress totals were shown as \$2,032,017 and \$842,589 for 1948 and \$2,758,117 and \$1,239,810 for 1947.

Listed valuation of the permits issued was \$30,700,342 in the cities and \$17,906,881 in the communities, a grand total of \$48,607,223. Builders and building inspectors agree that governmental estimates of building costs are far below the actual outlays. The 1947 grand total was \$41,146,613.

COUNTY TO GAIN \$179,279 AS STATE TAKES OVER AID TO NEEDY, BLIND

Orange County will have a windfall of \$179,279 as a result of the state taking over administration of aid to the needy aged and blind on January 1, under the terms of Prop. No. 4 (Article XXV, California Constitution), California Taxpayers' Association has estimated.

The estimated surplus includes \$130,189 budgeted for the county's share of aid to the needy aged for the January to June, 1949, period, and \$11,905 budgeted for aid to the blind, together with \$37,185 budgeted for administrative costs for aged and blind aid for December, 1948, through June, 1949.

Taxes have already been levied to raise this \$179,279 and are included in the \$1,122,632 property tax levy for general county purposes for 1948-49, the Taxpayers' Association pointed out.

Over the state as a whole, the counties will have a surplus estimated at \$9,066,136 resulting from state administration of aged and blind aid. Of this \$6,331,955 will be in funds raised for aid to the needy aged, \$566,295 for the needy blind and \$2,167,886 for administration.

WISHES HE HADN'T "STOOD IN BED"

Noah S. Pennington of 9681 Miller street, Cypress, thinks now that he should have dragged himself out of that warm bed when his dog started barking about four in the morning.

He did get up about an hour later and shortly afterward found the back porch afire. It was extinguished with but nominal loss.

Sheriff's officers disclosed that the back door of the house had been forced open, apparently in a burglary attempt. How the fire started is unknown.

CLUB TO MEET

A meeting of Our Lady of Fatima club of St. Pius V will be held at the home of Mrs. Mary Ferreira of 9282 Grindlay street, Cypress, on Thursday afternoon, January 20, at 1:15.

California's Gold Centennial float will participate in the presidential inaugural parade to be held in the nation's capital on January 20.

This was announced by George Heinz, executive secretary of the California Centennial Commission. Arrangements for entry of the commission's float were made at the suggestion of Governor Earl Warren.

The trailer-mounted unit which graphicly illustrates the years coincident with the gold rush era, will officially represent the state at the ceremony.

THE C OF C WANTS YOU!

A new year and new resolutions would seem to indicate that each individual in the community would wish to resolve to be as civic-minded as possible so that he and his fellow men might progress and prosper. An informed citizen will think twice, and then join his local chamber of commerce. At first glance, it would seem that this organization is for those engaged in business only, and would not concern a person merely residing in the area. This is an understandable misinterpretation. Actually, the organization exists for YOU, no matter what your occupation or status in the community.

The local chamber of commerce has chosen new officers, added to its list of members, and has girded itself for a year of accomplishment and achievement, for the good of the public in the Cypress area. YOU should be an active member, too, for the help you can be to the membership and for the fellowship and pleasure you will derive from being with others like yourself who are furthering the cause of the townspeople who have chosen to call Cypress home.

Actually, the chambers of commerce, especially in California, have long been regarded in governing circles as the official agency to represent the members of society in a given locale. Requests from no other organized group command the attention and respect that is given the state-wide, recognized organizations known as the chambers of commerce. Locally, the newly elected president has stated that it is his belief that every adult in the community should join the chamber of commerce. The dues are only two dollars per member for the year. YOU — join now, and help to promote the interests of the town in which you have chosen to live and benefit yourself and the townspeople who are your neighbors.

Let's unite to promote one strong, active civic organization this year. Let's join the CYPRESS CHAMBER OF COMMERCE, today.

THE STORE AND THE COMMUNITY

The primary function of a retail store is to provide a place where people may buy their food and clothes and hardware and all the rest of the necessities and luxuries of life. The merchant is purchasing agent for the consumer.

Beyond that, retailing serves a highly important and often overlooked function. It is one of the great builders of the community. The stores all compete to attract business—but they pull solidly together in matters that affect civic progress and the creation of a better town. This is good business for them—and good business for everyone else too.

Every time a new residential development is opened the stores come in and establish attractive, shopping centers. There are chains and independents. That makes for greater convenience for the buyer. And, in addition, it makes for the best possible service, stocks of goods, and the lowest possible prices. The local merchant is the foundation of American community life.

Mountain Guide: "Don't go too near the edge of that precipice; it's dangerous. But if you do fall, remember to look to the left, you'll get a wonderful view."

I RISE TO REMARK
By John Phillips

Washington, the old rumor factory, looked and felt about the same. The distances were as great, and it was getting ready to rain or snow. Rumors on the Hill were a dime a dozen. Out of the lot, by repetition, come some disconcerting ones for the West.

I should be writing the President's speech on the "state of the Union." Suppose I say, respectfully, that the "state of the Union" is a state of the Union, Statesmanlike, political, and somewhat contradictory. That will about cover it. The President said, "I am happy to report to this 81st Congress that the state of the Union is good," and then he proceeded for 7 closely mimeographed pages to suggest changes, some of which would change characteristics of the Republic which have made the Union strong.

To that extent I thought the speech a review of the campaign speeches, and therefore political. It was humanitarian in its desire to remove poverty and the lack of equal opportunity, and to ameliorate problems of ill-health and old age. The President said, "We must reinvigorate the forces of competition." He referred to opportunities for smaller businesses, but every time the government injects itself, by regulation, control or financial interest, into the business of the nation, big or little, we disinvigorate the free enterprise company. (If the President can invent a word, so can I!) More serious is the statement that "It is essential not only that the Federal Budget be balanced, but also that there be a substantial surplus to reduce inflationary pressures, and permit a sizeable reduction in the national debt," and the contradictory supplement that Congress should increase taxes, to the

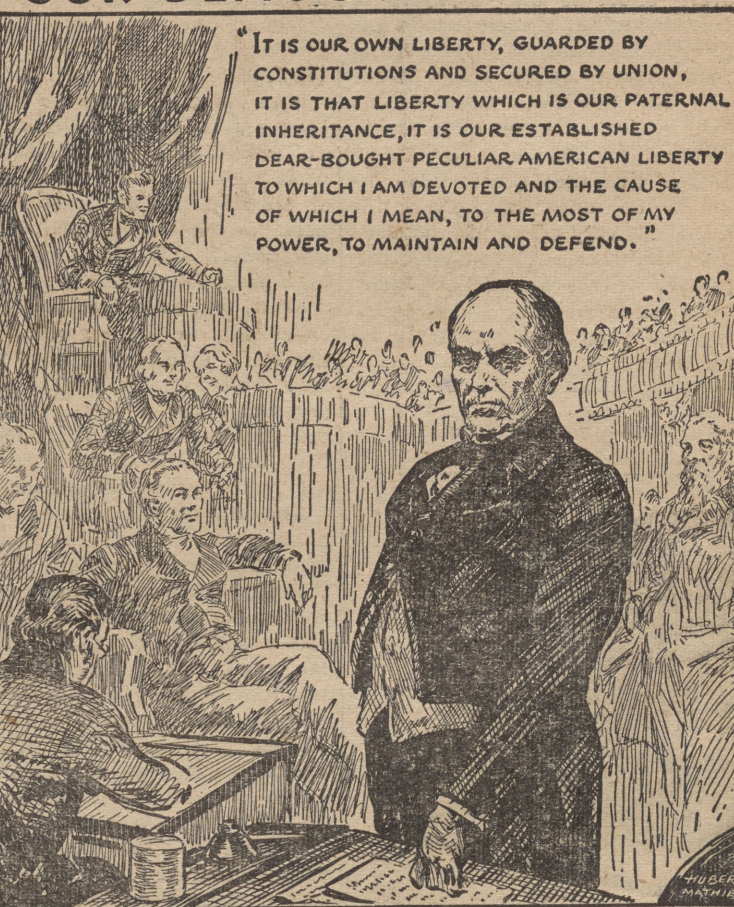

extent of \$4 billions, and the quiet, overlooked fact that the program, as outlined, would involve the spending of additional billions, throwing economy and debt out the window.

It was therefore, a Message. The bills passed by the Congress will determine the direction in which this nation is moving. A Message is not a program, nor is it legislation. Those follow.

Committee appointments give us concern. In the last two years, the West Coast has been better placed on committees than ever before. We stand to lose some of the advantages we gained. The delegation has elected me the California member on the "Committee on Committees," the committee which gives Republicans their committee appointments. It is an honor, but at the moment, a difficult job. Committee ratios shift, and often there are no vacancies. Congressman Sheppard and I will stay on Appropriations, but a rumor indicates that the subcommittee policy may be changed, allowing 5 instead of 7 men on each subcommittee and only one subcommittee to each member. If that happens, the West will lose its men on the Appropriations subcommittees on Agriculture and on Interior. We will have no Californians on Banking and Currency, nor on Judiciary. We will try to put someone on Veterans Affairs, presently without a Californian on either side. These comments are premature until new ratios and policies are determined. The folks west of the Rockies should realize the situation could be serious. There is little or nothing we can do about it. It is in the hands of the Majority Party.

Our Want Ads Get the Best Results

OUR DEMOCRACY — by Mat

DANIEL WEBSTER—JAN. 18, 1782—OCT. 24, 1852

KNOWN AS THE "DEFENDER OF THE CONSTITUTION", DANIEL WEBSTER—THROUGH HIS IMPASSIONED SPEECHES—WAS CREDITED, MORE THAN ONCE, WITH HAVING HELPED TO PRESERVE THE UNION.

THROUGHOUT OUR HISTORY, IN TIMES OF CRISIS, MEN LIKE WEBSTER—DEVOTED TO THE CAUSE OF LIBERTY AND UNION—HAVE STEPPED FORTH TO STRENGTHEN AND REAFFIRM AMONG ALL FACTIONS, TRUST AND BELIEF IN AMERICAN DEMOCRACY.

CYPRESS
PERSONALS

Mrs. Maybelle Dyer, who spent five weeks visiting her son and family, Mr. and Mrs. Hector Dyer, at Davis, has returned to her home on Watson street. The family has now returned to the southland and is no longer farming.

Mr. and Mrs. Tony Andre welcomed their first child, a seven pound 11 ounce boy, on January fourth in the Los Cerritos hospital in Long Beach. He has been named Duane Anthony.

The birthday anniversary of Mrs. Ocie Ferguson was given special recognition when her two daughters-in-law, Mrs. Joe Ferguson and Mrs. Leon Ferguson, prepared a birthday dinner in her honor. Setting for the dinner was the Joe Ferguson home on Crescent street. In addition to her husband, her sons and their wives,

and her granddaughter, Jeanette Ferguson, her sister, Mrs. Mimmie Spears of Anaheim, was also present.

Newcomers in Cypress are Mr. and Mrs. Leland Bainum and their daughter, Billy Jo, who is a student at Long Beach City College. They purchased their home at 5611 Danny avenue from David Freese, who moved to a northern location.

Jesse E. Smith, 5701 Vonnie Lane, has been hospitalized the past week undergoing minor surgery. His wife has visited him daily at the hospital.

California granges gained more than 6000 members during 1948, Orange county members were told at a mass installation ceremony in Westminster recently. Although, now living in Cypress, Joe Rapier is master of Costa Mesa Grange for another year.

100 THINGS YOU SHOULD KNOW
ABOUT COMMUNISM-EDUCATION

(Continued from last week)

21. What do you mean "wrecked"? Just that. One of the first things that Communists did in Russia when they came to power was to smash the existing school system.

22. How did they do this? They deliberately broke down college entrance standards and abolished degrees like the B. A., M. A., and Ph. D. Universities became cheap diploma mills.

The lower schools were turned into nothing more than revolutionary clubs, where students were fed godless Communist slogans rather than knowledge. The teachers' authority was destroyed and classrooms became madhouses of disorder with "student councils" deciding courses, discipline, and school policies.

23. Why? Because the Communists knew they could never control the public mind until they had first smashed the school system as it was.

After the break-down and explosion period, they rebuilt the school system into a tremendous machine for training rather than education.

This was done by installing a new group of teachers loyal to the Communists. They were allowed new and extreme authority over their pupils, who in turn have become cowed, uniformed puppets whose main lesson is to learn to worship Stalin as "teacher, leader and father."

24. But what about academic freedom? A teacher under Communism never has freedom, academic or otherwise.

He teaches only what the government tells him to. And police watch to see that he does so.

25. Would that be so here? Freedom in every respect would be the first thing to go. Teachers bucking the system would be fired, jailed or shot.

26. What would they train the pupils here to do after getting the schools under their thumb as they are now in Russia? To obey, to love and to hate.

27. To obey whom? The best answer is from the same teachers' guide, "Pedagogy," earlier quoted:

"Unquestioned obedience and submission to the leader, the teacher or the organizer."

28. To love whom? From the same source:

"The best people."

29. To hate whom? Says the Soviet teachers' guide:

"The pupils of the Soviet school must realize that the feeling of Soviet patriotism is saturated with irreconcilable hatred toward the enemies of socialist society."

30. Who are the "best people?" From that handbook again:

"Our best men and women are banded together in our Communist Party, which directs the entire life of the country."

"IN SORGHUM MILL"

WE NEED MORE LAW THAN IS AT PRESENT ON THE BOOKS IN ORDER TO DO THIS EFFECTIVELY. SEE "100 THINGS YOU SHOULD KNOW ABOUT COMMUNISM IN THE U. S. A." FOR MORE DETAILS.

36. What do they want, anyhow? Power; Communists all have a craze for power.

37. How can I tell a Communist? Compare his opinions of this or any other country with his opinions of Russia. A Communist will criticize the President of the United States of America, but not Stalin.

38. Who hangs around with the Communists? Mostly their fellow travelers and front organization dupes, but Communists themselves will go anywhere among any people on orders of their Party leaders.

39. What's a "fellow traveler?" Someone who follows the Communist Party line without actually carrying a membership card.

40. What's a "front organization?" Any group that knowingly works for Communist aims or supports Communist propaganda.

41. Are there many around here? Too many. For details, write to the House Committee on Un-American Activities, Room 226, Old House Office Building, or the Department of Justice. Both have published lists of typical Communist fronts, from time to time.

42. Are there many Communist fronts and fellow travelers in the United States school system? There are, and they are a deadly danger.

STANTON

Janet Isbell was pleasantly surprised last Friday night by the arrival of eight friends at her home on Starr street, to wish her a happy birthday anniversary. A scavenger hunt and other games were enjoyed, after which the group gathered around the piano to sing with celebrant playing the accompaniment. The self-invited guests brought gifts and a birthday cake to complete the party celebration. Planning the affair were Marilyn Miller and Beverly Horton.

Due to ill health, Irwin T. Hagan is retiring from all public activities and is planning on moving to the desert.

Mr. and Mrs. Morris Andre and three children of Chula Vista have purchased the property formerly owned by King R. Rutledge on Cerritos avenue and plan to take possession soon.

Los Alamitos

Mrs. Frank J. Watte, Phone L. B. 35348

Mr. and Mrs. Rex Randolph, invited several of their friends to their home on New Year's day to watch the Rose parade and Rose Bowl football game on their television set. A buffet supper was served late in the afternoon.

Enjoying the hospitality of the Randolphs were Mr. and Mrs. J. L. Wade and son, John, of Long Beach; Mr. and Mrs. Signe Hallenberg, Miss Nellie French, Mr. and Mrs. Bill Watkins and daughter, Mary Lou, Mr. and Mrs. August Labourdette, their son, Rush and daughter, Sharon, Leon Sjostrom and Mrs. Grace Johnson. Mrs. Watkins won the jitney pool on the football game.

Mrs. August Labourdette drove Mr. and Mrs. Albert Brown to Palm Springs on Wednesday. Brown will remain there for awhile in hopes that the climate will bring relief to his arthritis.

The surprising snowfall is logically the first topic of conversation over Los Alamitos back fences these days. Most of the residents are "out of staters", and it makes them feel right at home. The writer is a native Californian, and rather enjoys seeing a white California. The children of the neighborhood have definitely put in their bid and a yearly round of making snowballs would be right to their liking. Little Michael Rathbun, son of Ner and Benjamin Rathbun, Cherry avenue, celebrating his sixth birthday on the day the first snow fell in California, was a happy little boy when he told the children invited to his party about the big snowball he and his brothers made that very morning. Michael received lots of pretty presents and had a lovely cake to top off his celebration.

Mrs. Alice Pattyn who resides on Howard street, was delightfully surprised when several of her friends gathered to give her a baby shower last Thursday. She received many beautiful articles of clothing and other useful gifts to her layette. The T. C. Mehren's rumpled room was used for the shower, and decorated in blue and pink. Mrs. Elsie Oliver, a resident of Stanton, was hostess, and was assisted by Mrs. Annabelle Badgett. Several friends who were unable to attend sent gifts, and well wishes to Mrs. Pattyn.

The American Legion Post 716 is holding a benefit raffle February 14 at the Laurel school. The article to be raffled is a beautiful television set, and donations will be \$1.00. Tickets may be purchased from all Legion members.

Russell Munday, formerly of Los Alamitos, but now residing in Irvine, was taken to the hospital Monday afternoon with an attack of appendicitis. He was taken to the St. Joseph hospital in Santa Ana.

Midshipman William G. Cue, who enjoyed a 10 day holiday leave with his parents, Mr. and Mrs. W. G. Cue, has returned to his studies at Annapolis.

Mrs. Milton McMillan of Anaheim, and her niece, Sgt. Bess O. Arnold were the guests of Mrs. Grace Johnson on Tuesday. Sgt. Arnold, who is a cousin of Mrs. Johnson, has been on duty as a code expert at Fort Clayton in the Canal Zone and is being transferred to the same duty at Arlington, Virginia. She was formerly a braille teacher.

The Fire Department auxiliary will prepare the dinner for the Orange County Fire Chiefs when they meet in the local firehall on January 20. This is the first time the local firemen have had the opportunity to be hosts to the county group because they lacked the proper place and facilities.

News of interest to Los Alamitos is the announcement of the marriage of DuWayne King, eldest son of Mrs. Viola Brown, to Miss Monica Jean Streiff of Topeka, Kansas. The wedding took place on December 27.

The Business Association will meet for breakfast on January 27 at the new Agular restaurant.

Mr. and Mrs. F. Beerling, 1770 Stanley street, Long Beach, have announced the engagement of their daughter, Phyllis, to George Watte, of Los Alamitos. They plan an early summer wedding.

The Chamber of Commerce held its installation dinner at Sam's Sea Food Spa. There were 45 reservations made. A delightful chicken dinner was enjoyed, followed by a program prepared by Mrs. August Labourdette. On the program were Miss Sharon Labourdette, who danced several numbers, and Miss Roxanne Fanning, accordionist, who accompanied Sharon and also presented two solo numbers. The Chamber then joined in with group singing, directed by Mrs. Labourdette. Roy Wright turned his office over to the new president, James P. Lynch. William Poe, who acted as master of ceremonies, gave a short dissertation on the history of Los Alamitos, and its possibilities for the future. Compliments were extended to Grace Johnson, who has given diligently of her time to the chamber for several years. She helped to keep it going during the war when most of the men of the chamber were in the service. She is the secretary of the chamber at present. The guest of honor, Mrs. Frank Tischler, was presented with a lovely orchid. Director Cleo DeWitt extended the thanks of the members of the chamber to the outgoing president. Following the program the chamber adjourned, and several couples went dancing at the Foothill club.

Robert V. Stevens, 11162 Lexington drive, celebrated his birthday Tuesday. Mr. and Mrs. Ray Fults, Mr. and Mrs. James Lynch, Billy and Carol Fults, Huey and Penny Lynch, Tommie Stevens were invited for the occasion. At the end of the evening, light refreshments of cake, ice cream and coffee were served.

Robert Dodd, while doing his work, broke one rib and dislocated a vertebrae. He was taken immediately to Seaside Memorial hospital for X-rays. He spent several days there, and is now recuperating at his home on Pine street.

The bingo party to be held at Laurel school on the 26th, will be an all-wool blanket, a hand-painted mural, electric clock and a camera. These prizes will be on the tickets that can be purchased from all of the Auxiliary members.

Mr. and Mrs. Albert P. Phillips, 3721 Farquhar street, have sold their home to Miss Iva Clark Fensler of Long Beach. She will take possession of the home the first of February. Phillips, a gardener, and his wife will make their home in Long Beach, where he will be closer to his work.

Club Entertained In Switzer Home

The new rumpus room at the Otho Switzer residence on Moody street was the meeting place of the Cypress Community club Tuesday. Co-hostesses with Mrs. Switzer were Mrs. Maybelle Dyer and Mrs. Walter Nabower.

Plans were made for the annual Valentine party and pot luck dinner at which time secret pals will be revealed and new names drawn. The party will be held at the home of Mrs. Jake Van Dyke on Orange avenue, and hostesses will be Mrs. Mrs. Emily Fernandez, Mrs. Job Denni and Mrs. Milam Williams. Special guests will be the older members who have ceased to be active in the club.

It was voted to allow the firemen the use of the club's piano for their dances and entertainments and also the dishes and silverware.

Mrs. Milam Williams resigned her office as secretary in favor of her daughter, Mrs. Kenneth Young.

Mrs. George Worthington reported on the trip to the old man's ward in the annex of the Orange County hospital with Christmas treats for the patients. Several volunteered to make up cakes for the visit this month which will take place on January 26.

Mrs. Earl Essex was welcomed as a new member.

A dessert course with hot beverages and home made candy was served by the hostesses preceding departure.

C OF C CONTINUES MEMBERSHIP DRIVE

(Continued from Page One) point a highway and roads committee in the near future, so that he could work directly through it to the best interests of all concerned. This is also true concerning the suggestion that street markers and signs warning that a thoroughfare is not a through street be placed about town where needed.

Upon a vote of the membership, it was decided to change the meeting time from 7:30 to 8:00 o'clock p.m. The organization meets on the second and fourth Monday nights of the month.

The secretary reported that memberships to date total 39 for the current year and the president emphasized the fact that each member should consider himself a committee of one to see how many new members can be secured between this meeting and the one on Monday evening, January 24.

The appointment of members to various committees was delayed pending a more complete roster so that the work of the organization can be divided.

Coffee and doughnuts were served in a social hour following the business meeting.

NURSING GROUP SERVES COUNTY PATIENTS WELL

All the officers of last year were retained and six new members were elected by the board of directors of the Visiting Nurse association of Orange county at the annual board meeting held January tenth at the office, 1104 West 8th street, in Santa Ana.

Mrs. Miriam Nikkila, director of nurses, reported that 7118 visits to 655 patients throughout the county were made during the past year by six regular nurses. It was pointed out that 1254 of these visits were made to patients under treatment for cancer and 1737 visits to patients suffering from heart disease. Mothers and newborn and chronic and acute illnesses completed the total. Patients of any age or race under doctor's care are given bedside care with charges commensurate with income," Mrs. Nikkila stated.

Plans were set at this meeting for the annual dinner on January 31 in the American Legion hall in Orange. Dr. William Jones, president of Whittier college, will be the speaker, and Dr. Edw. Lee Russell will serve as master of ceremonies.

Connie Conrey Wed In Las Vegas

Connie Conrey, performer with the Clyde Beatty circus, and a resident of Cypress at 9193 Watson street, was married on January fifth in Las Vegas to Johannes Dres of San Pedro. Mr. and Mrs. Dres are residing in Los Angeles.

Mr. and Mrs. George Worthington of Watson street have purchased a home at Temple City and are planning to take possession in about ten days.

Mrs. Van Kleveren was appointed by the P.T.A. board to represent the Cypress district at the Teen-age canteen in Anaheim.

LIVING PROOF

... That Cancer Can Be Curbed!

George McCoog, schoolboy of Paterson, New Jersey, had cancer of the thigh in 1938. Today, thanks to prompt, effective treatment, he is cured. If YOU think you have cancer, see your doctor at once. Early action can return a priceless dividend... years of healthy living to come.

CANCER CAN BE CURBED

Byars

Go tell Mrs. Bloch her shower is okay now.

As you can see, we're mighty thorough in our work. Of course, we don't take a shower in every home that we go into because some homes don't have showers. And it's a shame, too. Besides bathing in water that's pure and fresh as the water you drink and giving you that fresh as a daisy feeling, it will pay for itself in 153 years.
